MICROBE-LIFT/TAC is formulated specifically to promote clear, clean pond water by developing highly active microbial populations that break down, degrade and eliminate all organic waste matter from your pond system.

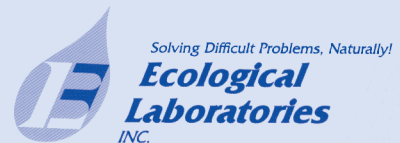

MICROBE-LIFT/TAC aids in the development of necessary bio-films on pond surfaces, seeds bio-filters by removing waste the natural way, to benefit fish and all aquatic plant life. MICROBE-LIFT/TAC contains only natural safe ingredients (NO FILLERS). It is safe for all marine life, pets, humans and the environment. A natural safe solution to your pond problems.

- SIMPLE TO USE • NO MIXING
- NO BULKY WASTE FILLER (BIO-MASS)

Benefits of MICROBE-LIFT/TAC

- ▶ Keeps water (H₂O) clean
- ▶ Eliminates organic matter
- ▶ Significantly improves water quality and appearance
- ▶ Buffers/aids in pH control
- ▶ Improves marine life quality
- ▶ Promotes essential bio-film development
- ▶ Promotes bio-filter performance
- ▶ Beneficial to water plant root systems
